Chanukah at the Cheder

It's hard to believe that חנוכה was only for 8 days - and we weren't even in school for half of it!

Please enjoy our B'Chadrei Chadorim coverage of the many Chanukah events, chagigos, trips, writing samples, Shiurim, a visiting frum fireman, and of course, most importantly, the many smiling faces of our Cheder students.

SCHOOL CHOICE:

"The 'school choice movement' refers to the concept that students and their parents should have the opportunity to attend school where they choose. As the shape of education shifts over time, parents are interested in finding alternative educational opportunities."
(21st Century Charter Schools)

Please join our Administrators, Rebbeim, Moros, and Teachers at our

Boys and Girls Early Childhood Program
Boys Elementary Program through 8th Grade

RABBI YONAH G. LAZAR
Dean

MRS. RIVKAH ISAACS
Early Childhood Director

MRS. ODELIA SCHLISER
General Studies Principal

"Our PreAer's body language speaks 1000 words! He looks confident, happy and totally alive! Your program is so rich, so well thought out and beautifully delivered. The Rebbe is incredible! We are so happy we made the choice to trust you with this precious child."

"What an amazing feeling for a parent to see the happiness and love for learning in their child's eyes. Kol Hakavod for doing what you are doing. It's really amazing!"

"My husband and I are truly indebted to the Cheder. Our children have, baruch Hashem, blossomed and matured in every way. One would be hard-pressed to find another school that caters to children on such a level. The warmth, talent, devotion, and care that is synonymous with the Clifton Cheder staff is simply unparalleled. We thank Hashem every day that we have discovered this unique gem of a school."

"I have been a parent for almost 17 years, and it is rare that I see one of my kids excited about learning like our Cheder son is. Mrs. Schlisser deserves a tremendous amount of gratitude for hand picking such experienced, professional, warm, and caring teachers. She has spent countless hours talking with us about our son. The truly amazing part is that she does this whenever necessary for any one of the boys in the elementary school. It's absolutely mind boggling! "

"When dropping our boys off at school, they jump out of the car. They go right into school without any complaint; on the contrary, they run inside like they can't wait to see what the day will bring."

"Our son's Rebbe has a unique ability to truly understand each Talmid's strengths and develop a strategy for their success. His warmth and sensitivity make each boy feel special and encourages them to shine and thrive. We are thrilled beyond words with the true Torah chinuch that our son is receiving."

"Our daughter has been at the Cheder since she was two. She's now a mature PreIA princess! What an amazing four years of growth with an outstanding team of experienced Moros under Mrs. Isaacs' leadership and educational expertise. We feel so blessed that our daughter was zoche to build her foundation in such an amazing program!"

"Living in Monsey, we have many choices of Mosdos for our son. We have opted to send to Clifton Cheder due to the exciting Ruach and personalized attention. The fact that our child is not just another number but can be a leader amongst his peers makes the drive well worth it."

"Our 12 year old son is in the 7th grade at the Cheder. Each year his Rebbe is his "favorite Rebbe", and he has a wonderful group of chaverim. The Rebbeim have succeeded in imparting sophisticated Gemara skills, a sense of achrayus, and overall enthusiasm for Limudei Kodesh. Thank you to Rabbi Lazar and the entire staff; we could not be more pleased."

"The Clifton Cheder has been more than a school for my children. They are our family!"

Samples of Our Chanukah Creative Writing

Simcha Baruch, Grade 1

The day before Chanukah I said to Rabbi Presberg that I would not use a oil Menorah. When I got home my sister changed her mind about using her Menorah. I wanted to use an oil Menorah. So I did. And then I won dreidel. And I brought my chocolate up to my room. But before I got a chance to enjoy the best mix of two different kinds of potato latkes, the oil went everywhere.

Yanky Bergstein, Grade 1

Presenting Chanukah now. My father has a good Menorah it has a shammash and it has a little jug of oil. When it was Chanukah I lit my own menorah. When my father was singing haneros halalu I was dancing in my living room.

Shimmy Wellikoff, Grade 2

Chanukah is so fun because you get toys and you also get to light the menorah. You eat latkes, play dreidel, you also get gelt. My grandparents come over for Chanukah and sometimes I go to my grandparents' house. I also like to go to the store and get the oil. We also get donuts. It's also fun to see fire burn.

Aaron Shapiro, Grade 2

Chanukah is my birthday, on the fourth night. When I get presents I will get double presents because I will also get for my birthday. I also like to light the menorah and eat donuts, latkes, and gelt. I like the cake and I also like when my grandparents give money to me, my two sisters, and one brother. I

will get extra because it is also my birthday. Another thing I like about Chanukah is how the Maccabim beat the Greeks. They crushed them with Hashem's help. I like to make latkes and homemade donuts. I also like to light my own Menorah and then I will open my presents. I will tell you what I want: a fancy watch, a camera. This what my family does on Chanukah.

Third Grade Teacher's Prompt:

The Mystery of the Missing Menorah Supplies

It was the sixth night of Chanukah. We were all excited to light the menorah again. The night before, we all sat on the floor playing dreidel until very late! I won the huge pile of coins! Even Charoses, our dog, wagged his tail with excitement as I gathered my enormous earnings into my green bag. I waited with anticipation for it to get dark so we could light already! As I approached the Chanukah table to start preparing the candles, something was very wrong! All the lighting supplies were missing! I looked under the table but they weren't there!

Gavriel Joran's ending

I checked the cupboards and they weren't there either. I checked everywhere I could think of. "Oh," I said, and I remembered our previous trip to Amsterdam on the second night of Chanukah. I thought I should check in the car, but then I realized the car was locked! "What

should I do now?" I thought. Just then, my father burst through the door. He said, "Hello everybody." We said, "hello" back while he said something to my mother (they always have a private talk when my father comes home from work.) I asked my father to unlock his car. I searched his car inside and out but I didn't find the missing candles. Just as I walked out of my father's car, I saw a small box of candles under the driver's seat. I picked up the box of candles and ran into the house shouting, "I found the candles!" By now, it was dark, so my mother set up the candles and we lit the menorah and said the brachos while Charoses jumped around excitedly. We opened our presents and we saw we each got a tablet exactly the same. We played on our tablets for about half an hour. Then our mother took them away and made us go to sleep.

Alecsander Wiederman's ending

Then we looked under the couch and the beds but we never found it. Then we went to our friend's house and got supplies and came back home. And we lit the menorah, and danced until everybody got their presents and went to bed. And when we woke up then we ate breakfast and went to school. After five years they found it on the roof. Charoses went up and put the supplies on the roof!

Aryeh Shapiro, Grade 4

On Monday, we went to New

Samples of Our Chanukah Creative Writing

York City. First, we went to my father's work on 42nd street. We went there because he needed to give his computer to the man who was going to fix it. After that, we went out for lunch. I got two slices of pizza. One slice was with no sauce, and the other slice was a regular slice. For a drink I got root beer. We then went to the Natural History Museum. We went to an exhibit called Nature's Fury. It was about weather, for example earthquakes, tornadoes, and volcanoes. We got to make our own volcano. I made a shield volcano. A shield volcano is shorter than a regular volcano. We also saw a slideshow about how people know when a tsunami is coming. The sign is when all the water recedes and you see all the fish. After that, we went to a place about Indians. I saw a real musket, different kinds of arrow heads, and axes they used. I also saw the inside of a tepee and I saw how they dressed. I also saw dolphins, polar bears, seals, elephant seals, and sperm whales fighting a squid. After that, we went to the gift shop and I got a microscope and telescope in one and I could disguise it as a pen. I went on six or seven subways altogether. It was fun, entertaining, and interesting.

Menachem Mittel, Grade 4

On Wednesday of Chanukah my grandparents took me to a hockey game at Prudential Center. The teams were New Jersey Devils versus Ottawa Senators. When we got to our seats the players

were practicing. We went to a lady who was giving out bags and shirts that said 'Let's go Devils' in Hebrew. It was given out to anyone who was Jewish. When the game started, we watched the game through binoculars. We were cheering for the Devils. In the middle of the first and second periods we got cookies. Mine had chocolate chips and was rectangle. It was pretty good. In the middle of the second and third periods a Devil went on the ice. He was wearing a red light and he blew, making the ice look like fire. He blew again and it looked like a frozen blue ocean. Even though it was just a light, it was really cool. After the game we followed the Jewish people to the Macca-beats concert. We ended up leaving because we couldn't see the band and we had to stand the whole time. We went back to the stands and we sat for ten minutes before going on the ice. We waited for a while and when it was our turn we got to shoot a shot from the blue line. After we left. I had a lot of fun.

Shlomo Schneider, Grade 7

Those custard and jelly donuts, those freshly fried crispy latkes, chocolate coins, and much more. Chanukah is very fun. Also, playing dreidel and getting money - whether it's real money or chocolate coins - is fun. Furthermore, I get to go to Chanukah parties and sometimes even get presents.

Additionally, there are a tremendous amount of lessons that are learned from Chanukah and the story of Chanukah. For example, when we won the war, we saw that Hashem is always helping us and we learn a lot from this.

Furthermore, what made Chanukah come about, included tremendous miracles in it. For example, winning the war and finding the jar of oil. Also, there have been many stories with miracles that have taken place on Chanukah. I like Chanukah because it's a great time for these stories.

Elazar Kagan, Grade 7

Everyone likes Chanukah, right? But the question is why, why does everyone love Chanukah? The menorah? The dreidel? What about the donuts and latkes? Or maybe the presents? I'll give my opinion, yes the candles are bright, and yes dreidel is fun, and who doesn't like donuts, and latkes, and presents? But the reason I love Chanukah is because of the miracle. Hashem put the Greeks in our hands, it's like the school fighting the navy seals, it is impossible to win. And after the war when the Jews went back to the Bais Hamikdash they couldn't find any oil except for one jug of oil that only lasts for one day. Again Hashem makes a miracle and it lasts eight days. That is why I love Chanukah. Without these miracles we wouldn't even be alive and we always need to remember these things and be grateful for it.

Chanukah Under Water?

What an amazing time was had by all of our Elementary School talmidim, celebrating Chanukah and Rosh Chodesh all at once.

Tuesday, the 7th day of Chanukah and the 2nd day of Rosh Chodesh Teves began with the beautiful sounds of הלל והודאה throughout the Cheder building. We made sure to get in as much learning as possible before the busses arrived to drive us to The Passaic Boys and Girls Club for a two hour extravaganza.

The heated Olympic sized swimming pool was just what we needed to celebrate this special day. Diving, floating, treading, splashing and just good old swimming kept the boys busy for the first part of our outing.

The next hour was spent at our grand Chanukah Mesibah where the boys enjoyed West Orange Bake Shop's yummy donuts -

thanks to the Mittels - along with cans of soda to add to the lunches the boys brought along. Following a long group bentching including both על

music and bringing his keyboard and speaker from Lakewood.

However, the highlight of our Mesibah was definitely the spell binding story telling of our very

talented 5th grade Rebbe, Rabbi Seldowitz. The boys sat on the edge of their seats as Rabbi Seldowitz took them through Communist Russia. The lesson of how מסירת נפש saved a boy from being drafted into the Russian army will not soon be forgotten.

Thank you to our Extra Curricular Director, Rabbi Erlanger, for making all the necessary arrangements. Super special thanks

to The Cheder N'shei for covering the entire cost of this trip - lifeguards, pool rental, transportation, etc. Our talmidim really appreciate your generosity!

יעלה ויבוא and הניסים, the talmidim got to dance together with their Rebbeim. Special thanks to Rabbi Reischer for playing the live

Meet & Greet - Help Spread the Word

Parents are asked to please invite their friends and neighbors who have either recently moved to town, are starting their school experience or possibly considering making a school change - to join us at our Meet & Greet on Sunday, January 11th at 7:45 p.m.

Please help others reap the benefits that you have by choosing Clifton Cheder for their child's education.

Give Tzedakah As You Shop Thank You To..

Do you shop on Amazon.com? You can support Clifton Cheder while you shop!

You can help the Cheder earn money while you shop by starting your Amazon shopping at smile.amazon.com

via our Cheder website.

This link will let you select Clifton Cheder as your preferred charity and Amazon will donate 0.5% of your AmazonSmile purchases directly to the Cheder.

Please share the link with others to help increase the amount of money the Cheder can earn: <https://smile.amazon.com/ch/84-1709380>.

For more information and FAQ's about the AmazonSmile program see the above link.

- the Shacham family for donating a book to the Kindergarten class in honor of Dovid's 5th Birthday.
- the Katz family for donating a book to Morah Ruthie's Nursery class.
- the Klein family for donating a total of 7 books to the Pre1A Boys, Pre1A Girls, Kindergarten, and both Nursery classes.
- the Kaiser family for donating a book to Morah Ruthie's Nursery class.
- an anonymous Cheder family for donating a book to the Pre1A Girls class.

תודה רבה!

The Cheder Staff wishes to express their תודה רבה for the generous Chanukah Gelt Gift Cards they received from the parent body.

May we continue partnering together for many years to come.

Twice in a Yovel?

Early on in the year, Rabbi Erlanger's talmidim were challenged by Rabbi Lazar to find an additional meaning for the word "יובל" they had learned about.

Rabbi Lazar told the boys they might find it later in the year in the משניות they were learning. He offered \$1.00 for any boy who would remember the question and give him the answer. Good thing it's a small class! 😊

A Frum Fireman

Guess who's back in town? Hey, its Fireman Moshe! He came to visit the EC at the Clifton Cheder. Fireman Moshe taught us all about fire safety. The children loved the fact that Fireman Moshe is a frum "Yid." Fireman Moshe always has stories to share with us on how he helped others. He also volunteers for Hatzalah.

This year Fireman Moshe taught us about smoke detectors. He emphasized how important they are and what the children should do if and when the alarm goes off.

As always, the children just love his equipment, the name tags on his coat, boots, oxygen tank and mask. (We loved how his boots were already tucked into his pants so that he just slipped on both at the same time! Moms, what an idea!)

Fireman Moshe showed us how the air in his air tank always guarantees that he can breathe clean air rather than smoked filled. With Chanukah having been just around the bend he especially cautioned the children that we never touch fire, candles or matches. Fireman Moshe told the teachers that he so enjoys coming to visit, as our children always have such great questions for him to answer!

Quotable Quotes

- ♦ Morah Zisi (a sub) was talking about the Parsha and asked how is it that Yosef was so smart.

One of our Pre1A girls answered: Well of course, he had a "Yiddisha kup!"

- ♦ Conversation between Mommy and her Nursery son: I know you like school, what do you like about school?

.....No answer.

Do you like work session? No.

Do you like your friends? No.

Do you like art projects? No.

Do you like playing outside? No

So what is it that you like about school?!?!? My Mowahs! (my morahs!)

- ♦ Monday of Chanukah vacation, at Floyd Arena Ice Rink, while Morah Leah arrives with her son to go ice skating, she sees one of her students. After Morah Leah bends down and gives a warm greeting, the boy smiles a huge smile, excited to see his Morah.

Then he asks: "Where's Morah Hadassah?"

Books, Books, & More Books

As in previous years, in the last couple of week we hosted our Jewish Book Fair. A huge Yasher Kochachem to our generous parent body. We sold over \$2200 worth of books and thereby raised over \$500 toward Jewish books for

our classrooms! In addition, many books were purchased by parents as gifts for our classrooms.

A tremendous thank you goes to Mrs. Carol Gonsher who is the coordinator of this successful fundraiser. Thank you to all the mothers who volunteered to set up and manage the book fair during Parent Teacher Conferences as well as during the EC Chanukah Chagigah.

Mazel Tov To..

- Nossan Tzvi Gedzelman on his הנחת תפילין.

- Eytan Wolf on his הנחת תפילין.

- Yehoshua Jungreis on his הנחת תפילין.

- Third grade on being מסיים פרשת ויצא.

- Fourth grade on being מסיים פרשת וארא.

- Sixth grade on being מסיים פרשת בהעלותך.

- Mr. and Mrs. Marty and Joy Goldberg upon receiving PTI's Kesser Torah Award at their recent dinner. The Goldbergs will also be hosting הרב הג"ר דוד שוסטל שליט"א, Rosh Yeshiva of BMG of Lakewood for סעודת שבת during Rav Shustal's visit to the Passaic community.

The Cheder is very proud to have you as parents.

- Rabbi Elchanan Erlanger upon the opening of Passaic/Clifton's TAG office where Rabbi Erlanger serves as Director. We are sure this added זהירות in Internet protection will benefit the entire community. (See page 22.)

Chanukah & Chinuch: Lessons To Last A Lifetime

The 2nd night of Chanukah was set aside as an evening of inspiration for the women of the Passaic and Clifton Community.

Our own Rabbi Yonah Lazar addressed a full house of women at the home of Passaic's Rabbi Yonah Lazar! Although who was the speaker, and where the different Lazars live might have been a bit confusing, the lessons of Chinuch were as clear as can be.

Rabbi Lazar focused on the dual role of נרות חנוכה, a מצוה that is concurrently both for one's בני בית and for those passing outside his/her home. Chinuch too is focused first and foremost for ones family, yet takes into consideration ones responsibility to Jews who find themselves outside our homes as well.

Mrs. Ilana Lazar did an extraordinary job in hosting the Shiur and her home-baked and beautifully presented refreshments kept many mothers there long after the דברי תורה concluded. Thank you too to Rabbis Kagan and Wiederman for helping with the arrangements and set up. Thank you to the many parents and staff for assisting with the advertising.

Rabbi Lazar connected the purity of the oil found in

the בית המקדש and the need for extra vigilance to make sure that our בתי מקדש מעט, our homes, are filled only with קדושה and טהרה. Just as each wick must stay separate from those around it, each child must be provided the space to grow as an individual. The oil and wicks can represent the skills and חשק

necessary for a child to be a life-long learner.

While נרות חנוכה are super important as they allow for פרסומי ניסא, Shabbos candles are even more important as they represent שלום בית. The importance of children growing up in a family whose relationships are permeated with אהבה was underscored.

Rabbi Lazar related that on his refrigerator he had a magnet with the following profound quote: "The best gift a father can give to his children is to love their mother."

Hearing the feedback from many of the women in attendance, Clifton Cheder is confident that Rabbi Lazar's words, as advertised, "will inspire you to keep the fire burning long after the candles go out." Unedited CD copies of the Chanukah & Chinuch presentation are available at the Cheder office.

Early Childhood Chanukah Experiences

Sharing the joy of Chanukah with our families at the Chanukah chagigah was something we so enjoyed. Parents, grandparents and even great-grandparents, aunts and friends of family... from near and far, joined us for a wonderful morning filled with songs, crafts and books. The children all shined as bright as our Chanukah candles showing off their classrooms, their Morahs/Rebbi and their friends. It was wonderful to see so many people connecting with our extended Cheder families. Thank you to the Mittels for providing the delicious Chanukah treats!

Staying Safe

As part of the Cheder's upgrade in security measures for our school, Detective Sergeant Bachar Balkar of the Clifton Police Department visited our school to assess our current safety and share ideas on how to possibly further protect our children.

Detective Balkar is seen in this picture interacting with Pre1A talmidim reminding them to know their addresses and phone numbers should they ever require 911 assistance.

N'shei E-x-p-a-n-s-i-o-n Meeting

All mothers are invited to our N'shei Expansion Meeting on Tuesday, December 30th at 8:00 p.m. in the Cheder building.

There are so many ways that you can get involved in the Cheder. Brainstorming, volunteering, leading projects, etc. We cannot do it without you!

Please come and make your voice heard. There is so much talent in our parent body waiting to be channeled to assist our children's education.

We look forward to greeting you personally.

An Artist Among Us

The Pre1A classes were inspired by one of our own parents who came to visit and share his talent with our children. Mr. Yisroel Settenbrino is a real artist; he shared with the children how he became an artist and why. It is interesting to see how his love of Yiddishkeit has inspired his artwork. We learned about the mediums he

uses in his art work, the different types of brushes and tools which he uses. Mr. Settenbrino also talked about his studio at home and how he shared his love of art with his own children. We got a chance to see some of Mr. Settenbrino's art work. Special thanks to Mr. Settenbrino for taking the time to come in and to enhance our art program.

December 16, 2014

Dear Parents of 4th-7th Grade Talmidim שיחיו,

We are excited to introduce to you an exciting new program that **בסיטת דשמיא** we 'kicked off' today, **The Grand Shemita Contest!!**

This year is a special **שמיטה** year in **ארץ הקודש**, with many interesting **הלכות**, **השקפות**, and **דינים** that pertain to it. Our Talmidim can learn a tremendous amount from these **יסודות**. It is for this reason we have created this five week Grand Shemita Program. Aside from getting the chance to learn and master these **הלכות** and **ידיעות**, the boys by extension will be partaking in keeping **שמיטה** through knowing its relevant **ענינים**.

Today, each boy received his own beautiful Student Guide to the Laws of Shmitta Workbook consisting of 11 Units.

Throughout your son's week, when he has time, *outside of school*, he should study, master, and review that week's material. There are study guide workbook questions at the end of each unit. Having him answer those questions will help him master the material. Each Sunday a voluntary test will be given, covering the previous week's material. Each week will cover two units, except for the last week which will cover the final three.

At the conclusion of the 5 week program, each talmid whose tests' average the required score for his grade level (4th Grade – 70%, 5th Grade - 75%, 6th Grade – 80%, 7th Grade – 85%) will **איייה** be invited to an **Exclusive Dinner Out** which is scheduled **בעזרת ה'** to take place the evening after **בשבת ט"ו**, Wednesday, February 4th at 7:30 p.m.

As well, during the duration of the program there will be **special weekly raffles** for boys who score a 90% and above on that week's test.

The scheduled test dates are as follows:

- **Sunday December 28th – Units 1 and 2**
- Sunday January 4th – Units 3 and 4
- Sunday January 11th – Units 5 and 6
- Sunday January 18th – Units 7 and 8
- Sunday January 25th – Units 9, 10 and 11

We look forward to your sons partaking in this wonderful program. May we together be **זוכה** to **וצויתי** **את ברכתי** promised to those who involve themselves in **מצות שמיטה**.

Warmly,

Rabbi Yonah G. Lazar
 Dean

Rabbi Elchanan Erlanger
